## EXPERIENCE

### MONDAY LOVE PODCAST

Multimedia Designer/ Co-Host · Sept 2019 – Present

- Work closely with Host and Producer of the Monday Love Podcast as Co-Host and Multimedia designer. Monday Love Podcast is a show that interviews recording acts from all across the country. The show at this point is scheduled out until Nov. 2020 and we have completed well over 40 shows as of now. The show is a Video and Audio show so on Youtube we have the video content but on all the podcast platforms we are a audio podcast that you can listen to on Spotify, Iheart Radio, Itunes and much more. The show is produced by the amazing Jason Aaron which has produced shows for over 25 years and has had several shows on ABC and CBS:

- I created the logo for the show using the idea that the head host is Miranda Monday and the show is about the love of music.
- Communicating with recording artist managers and contacts, scheduling for the weekly show.
- Created and maintain the mondaylovecast.com website.
- Designing the ad content for the weekly show.
- Using such tools as VSC, Photoshop, Illustrator, Indesign, and Aftereffect.
